

A quick guide to The Sick Children's Trust

About us

Every day, children are diagnosed with serious and life-threatening illnesses or have terrible accidents that leave them fighting for life. Often transferred to hospitals far from home, life for the whole family is thrown into complete turmoil. The Sick Children's Trust keeps families together by providing free, high-quality 'Home from Home' accommodation to relieve just some of the emotional and financial strains at a traumatic and stressful time.

Our Vision

We are working to a future where every family with a seriously ill child in hospital will be able to stay together, just minutes from their child's bed during their treatment.

Our Mission

We believe keeping families together significantly improves the recovery of seriously ill children. We provide free, high-quality 'Home from Home' accommodation, as well as emotional and practical support, to families with sick children in hospital in the UK.
