

2010 Tower Power Challenge

Want to get fit in 2010?

Want to challenge
the tallest building in
Yorkshire?

Want to help a local
charity?

We provide the Tower... you
bring the Power!

Start the year by getting fitter
and be part of this momentous
charity event.

Be one of 300 adrenaline
fuelled participants climbing
600 stairs up the tallest
building in Yorkshire.

GET INVOLVED!

This event will be the first of its
kind outside London and aims
to raise £90,000 towards our
target of £1.7million for 'The Big
Move' appeal.

we're here, so you can be there

Saturday 22 May 2010

10am – 4pm

Bridgewater Place Tower
(Water Lane, Leeds)

Register today:
towerpower@sickchildrenstrust.org

A little bit about us...

The Sick Children's Trust believes no child should be separated from their family whilst receiving treatment in hospital for serious illness.

We provide high quality **'Home from Home'** accommodation for families and their sick children.

The 2010 Tower Power Challenge aims to raise £90,000 towards our target of £1.7 million for 'The Big Move' appeal.

The Big Move

Our Leeds 'Home from Home', Eckersley House, is currently on the grounds of St James's Hospital. However, this is about to change as the NHS Trusts are moving all of their children's wards to Leeds General Infirmary in June.

If we don't move Eckersley House too, hundreds of sick children will go through prolonged illness without their families being close by.

Last year we helped over 350 families from within the Yorkshire region alone, as well as hundreds more from across the UK.

Do something amazing this year, take part in the 2010 Tower Power Challenge and make a real difference.
